EDUCATION

University of Central Florida

B.S. in Computer Science

Orlando, FL

Expected Graduation: Dec. 2028

- **Relevant Coursework:** Object-Oriented Programming, Computer Science I, Introduction to Programming

Seminole State College of Florida

Associate of Arts

Sanford, FL

Jan. 2023 – Dec. 2025

- **Relevant Coursework:** Principles of Computer Programming, Python Programming

PROJECTS

F.A.T.E (Food Alert & Tracking Engine) | *JavaScript, Netlify Functions, ZXing, Gemini API*

- Built a full-stack food inventory application using JavaScript, ZXing, and the Open Food Facts API to scan barcodes and retrieve product information
- Used browser local storage to save inventory data and track user-entered expiration dates
- Created a color-coded expiration tracking system with manual product entry for unrecognized barcodes
- Integrated the Gemini API through Netlify Functions to generate recipe recommendations based on expiring ingredients

AI Chatbot Web Application | *Python, FastAPI, JavaScript, Groq API*

- Built a full-stack AI chatbot using a JavaScript frontend and Python FastAPI backend to process user messages
- Integrated the Groq API with a FastAPI backend to process user requests and display AI-generated responses

Sales Dashboard | *Python, Streamlit, PostgreSQL, SQLAlchemy, Plotly*

- Built an interactive sales dashboard using Streamlit and PostgreSQL to display sales metrics and key performance indicators
- Used SQLAlchemy to query the database and automatically refresh sales data at regular intervals
- Cleaned and transformed sales data using Pandas and added date and category filters for interactive analysis

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Knights Design Interactive

Outreach Lead — Founding Member

May 2026 – Present

Orlando, FL

- Helped grow the club's Discord community from approximately **100 to 300 members**, achieving **200% membership growth**
- Coordinate a **3-person outreach team** to organize club operations, promote initiatives, and increase member engagement
- Represent the organization at campus events and connect with local UI/UX professionals to recruit guest speakers

Knight Hacks

Member

Aug. 2025 – Present

Orlando, FL

- Attend monthly meetings and technical workshops to strengthen programming skills
- Participate in hands-on coding workshops

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript, HTML, CSS, SQL

Frameworks & Libraries: FastAPI, Streamlit, Pandas, Matplotlib, Plotly, SQLAlchemy

Databases & Tools: PostgreSQL, Git, VS Code, Netlify Functions

Core Skills: Object-Oriented Programming, Debugging, Team Collaboration, Problem Solving
